

Benchmark on Methane Source Detection
JPL-CH4-detection-2017-V1.0
FAQ and Discussion board

Benchmark Description and Dataset can be found here:

https://aviris-ng.jpl.nasa.gov/benchmark_methane_data.html

Contacts:

- Related to data acquisition and analysis tasks
 - David R. Thompson <David.R.Thompson@jpl.nasa.gov>
- Related to Matlab code:
 - Anuj Karpatne <karpa008@umn.edu>
 - Imme Ebert-Uphoff <iebert@colostate.edu>

Questions, comments, suggestions:

- Feel free to post general questions about the data or analysis tasks, requests for collaborations, comments on approaches, etc.
- **Please place your response below, then alert one of the contacts above to check this message board and respond.**

Post your question or comment below:

- In the webpage : [Benchmarks | IS-GEO](#), “Data set and description” link is dead, how can we access the dataset ?
- From Imme: Try
https://popo.jpl.nasa.gov/avng/AVNG_Benchmark_Methane_Data/20171030_Four_Corners_Campaign_Dataset_Description.pdf
